Laboratory #08-2114.1*

Dear Inspector Wilson:

At your request, a forensic handwriting examination was conducted in order to determine if certain handprinted entries appearing on the below items are of common authorship. The following original items were examined:

Items 1 & 2: Application for Post Office Box or Caller Service (Parts 1 and 2) in the name of Patrick Stout.

Items 3 & 4: Application for Post Office Box or Caller Service (Parts 1 and 2) in the name of Edward Berner

Item 5 Rental Application dated 10-18-2007 in the name of Steven T. Brawner.

Microscopic examination of Items (1-5) has shown a consistency of handprinting habit in both gross and subtle features. In addition, there were no unexplainable differences found in the three sets of writings. In the opinion of the undersigned it is considered highly probable that the handprinted texts (in black ink) on Items (1-5) are all of common authorship.

Sincerely,

William J. Flynn
